

CURRENT LIST of MEDICAL LITERATURE

Vol. 11

August 23, 1946

No. 7

SUBJECT GROUPS ACCORDING TO JOURNALS

- | | |
|--|---------------------------------------|
| * 1. Anatomy; Histology | 26. Infectious Diseases; Epidemiology |
| 2. Anthropology; Ethnology | * 27. Medicine |
| 3. Archeology; Paleontology | 28. Metabolism |
| 4. Aviation Medicine | * 29. Military and Naval Medicine |
| * 5. Bacteriology; Parasitology | * 30. Miscellaneous |
| * 6. Biology; Embryology | * 31. Neurology; Psychiatry |
| 7. Bone; Joint; Extremities; Muscle | * 32. Nursing |
| 8. Cancerology | * 33. Ophthalmology |
| * 9. Cardiovascular System | * 34. Otorhinolaryngology; Phoniatry |
| * 10. Chemistry; Physics | * 35. Pathology |
| * 11. Dentistry; Stomatology | * 36. Pediatrics; Child Welfare |
| * 12. Dermatology | * 37. Pharmacology; Pharmacy |
| 13. Diagnosis; Clinical Methods | * 38. Physiology |
| * 14. Dietetics; Foods; Nutrition | * 39. Psychology; Mental Hygiene |
| * 15. Digestive System | * 40. Public Health; Sanitation |
| 16. Endocrinology | * 41. Radiology; Phototherapy |
| 17. Forensic Medicine; Toxicology | 42. Respiratory System |
| * 18. Geriatrics | * 43. Surgery; Traumatology |
| * 19. Gynecology; Obstetrics | * 44. Therapeutics |
| 20. Hematology | * 45. Tropical Medicine |
| * 21. History; Biography; Bibliography | * 46. Tuberculosis |
| 22. Homeopathy; Osteopathy, etc. | * 47. Urology |
| * 23. Hospitals | * 48. Venereal Diseases; Sexology |
| * 24. Immunology; Serology | * 49. Veterinary Medicine |
| * 25. Industrial Hygiene; Sociology | * 50. Zoology |

THE ARMY MEDICAL LIBRARY
Washington, D. C.

The CURRENT LIST OF MEDICAL LITERATURE is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., \$3.00 per year (\$3.75 foreign) 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents at the above address.

..

Published weekly by the ARMY MEDICAL LIBRARY, 7th Street & Independence Ave., S. W., Washington 25, D. C., as an intraservice publication of the War Department. Lists all articles of medical interest contained in current journals received. Subject-index provided monthly. Exchange invited.

1. Anatomy; Histology

Bull. histol. appl., Lyon, 1946, 23: (Apr.)

COQUOIN-CARNOT, M. Histogénèse de l'estomac chez la souris. 71-7, pl.

LOCQUIN, M. Microphotosynthèses, microphotosynthèses; technique et applications. 79-85, pl.

CAUSSE, R. Technique de l'examen histologique de l'os. 86-92, pl.

5. Bacteriology; Parasitology

J. Bact., Balt., 1945, 50: (Aug.) (To repair an omission.)

DELBRUCK, M. The burst size distribution in the growth of bacterial viruses (bacteriophages). 131-5.

DELBRUCK, M. Effects of specific antisera on the growth of bacterial viruses (bacteriophages). 137-50.

DELBRUCK, M. Interference between bacterial viruses; the mutual exclusion effect and the depressor effect. 151-70.

LOVING, W. L. Observations of hemolytic *Escherichia coli* on blood agar and eosin methylene blue agar. 171-5.

NUTINI, L. G., KREKE, C. W., & SCHROEDER, M. PETRONELLA, SISTER. Further studies on the effects of spleen extract on bacteria. 177-85

KNUDSEN, L. F., & RANDALL, W. A. Penicillin assay and its control chart analysis. 187-200.

CHAPMAN, G. H. The significance of sodium chloride in studies of staphylococci. 201-3.

YOUNG, R. M., & MOOD, G. M. Effect of penicillin on infection of guinea pigs with *Corynebacterium diphtheriae*. 205-12.

HALL, I. C. The occurrence of *Bacillus botulinus*, types A and B, in accidental wounds. 213-7.

STOKES, J. L., & LARSEN, A. Transformation of the *Streptococcus lactis* R factor to folic acid by resting cell suspensions of enterococci. 219-27.

McCLUNG, L. S. Human food poisoning due to growth of *Clostridium perfringens* (C. welchii) in freshly cooked chicken. 229-31.

Phytopathology, 1946, 36: (Jul.)

BAKER, K. F., SNYDER, W. C., & HOLLAND, A. H. Lygus bug injury of lima bean in California. 493-503.

FISHER, E. H., RIKER, A. J., & ALLEN, T. C. Bud, blossom, and pod drop of canning string beans reduced by plant hormones. 504-23.

WEIMER, J. L. Lespedeza anthracnose. 524-33.

SHANDS, H. L., & SCHALLER, C. W. Response of spring barley varieties to floral loose smut inoculation. 534-48.

ARK, P. A., & LEACH, L. D. Seed transmission of bacterial blight of sugar beet. 549-53.

DILLER, J. D., WHITTAKER, C. W., & ANDERSON, M. S. Effect of mineral nutrition on the vigor and susceptibility to blight of old Japanese chestnut

trees. 554-6.

GOTTLIEB, D., & GARNER, J. M. Rust and phosphorus distribution in wheat leaves. 557-64.

6. Biology; Embryology

C. rend. Soc. biol., 1945, 139: (Dec.)

CARIDROIT, F., KASWIN, A., & SERFATY, A. L'activité cholinestérasique du plasma sanguin du coq et de la poule domestiques. 1029-30.

CHAMORRO, A. Rôle de l'état de l'ovaire et de l'âge pour l'obtention de l'oestrus par la gonadotrophine chorale, chez le rat hypophysectomisé. 1030-2.

COMSA, J. Action de l'oestrone sur la créatine urinaire du cobaye. 1033.

COMSA, J. Effets de la mise en ectopie du testicule sur l'évolution du syndrome thymiprive chez le cobaye. 1035.

SCHAEFFER, G., & THIBAUT, O. Recherches sur les facteurs hormonaux de la régulation thermique; régulation thermique du rat blanc éthéroïde. 1036-8.

SCHAEFFER, G., & THIBAUT, O. Recherches sur les facteurs hormonaux de la régulation thermique; régulation thermique chez le rat blanc surrénalectomisé. 1039.

LEVADITI, C., & VAISMAN, A. Mécanisme de l'activité antibiotique de la corylophiline. 1041.

BEYNE, J., BOY, G., & POLONOVSKI, M. Elimination urinaire du sodium et du potassium au cours de l'anoxie. 1042.

CHAUCHARD, P., MAZOUÉ, H., & LECOQ, R. Recherches chronométriques sur la prévention, par les sucres et l'hyposulfite de sodium, de l'intoxication cyanhydrique. 1043.

GAJDOS, A., & ERKELEYAN, A. L'action antianémique de la méthionine chez le rat. 1045.

BOIVIN, A., DELAUNAY, A. [et al.] Interactions bactériennes chez les colibacilles; effet antagoniste et induction de transformations dans les propriétés des germes. 1046.

BOIVIN, A., VENDRELY, R., & LEHOULT, Y. L'acide thymonucélique polymérisé, principe paraissant susceptible de déterminer la spécificité sérologique et l'équipement enzymatique des bactéries; signification pour la biochimie de l'hérédité. 1047-9.

GASTINEL, P., & FASQUELLE, R. Les modifications des réponses aux intra-dermo-réactions de tuberculine sous l'influence des facteurs de diffusion. 1049-51.

PARROT, J. L., & COTEREAU, H. La notion d'antivitamine P. 1051-3.

COUJARD, R. La curieuse spermatogénèse de *Cottus gobio*. 1053.

GLEYS, P., & MENTZER, C. Oestrogènes artificiels dérivés de la coumarine. 1055.

PULLMAN, A. Sur une théorie électronique de l'action cancérogène des hydrocarbures aromatiques condensés. 1056-8.

LASFARGUES, E., DELAUNAY, A., & VENDRELY, R. Tactisme des macrophages observé en culture de tissus. 1059.

REGNIER, J., & BAZIN, S. Passage à travers une membrane inerte (cellophane) de différents sels de para-aminobenzoyle-diéthylaminoéthanol; dosage de l'anion et du cation. 1061.

SPURWAY-HALDANE, H., & HALDANE, J. B. S. La vie humaine à haute pression. 1062.

CHAMORRO, A. Sur la substance hypophysaire

capable de rendre actifs les stéroïdes mammogènes. 1064-7.

SENDRAIL, M., BAZEX, A. [et al.] Les modifications cytologiques du pancréas insulaire après la castration. 1067.

WAYSBAUM-MOSCHKOWSKI. Action d'extraits de la glande pinéale sur l'ovaire de cobayes et de rats. 1069.

KASWIN, A., & SERFATY, A. L'activité cholinestérasiqne des tissus chez les batraciens et les reptiles. 1070-2.

PARROT, J. L., & RICHET, G. Accroissement de la sensibilité à l'histamine chez le cobaye soumis à un régime scorbutigène; réduction de cet accroissement par l'administration de vitamine P. 1072-5.

RENKONEN, K. O., & SCHULMANN. Etude sur les facteurs stimulants de croissance pour une souche de streptococcus. 1075-7.

LEVADITI, C., VAISMAN, A., & VAISMAN-NOURY, H. Dosage de l'effet stérilisant de la pénicilline dans la syphilis cliniquement occulte de la souris. 1077.

LEVADITI, C., & VAISMAN, A. La pénicilline dans l'infection tétanique de la souris. 1079.

LEVADITI, C., & VAISMAN, A. Activité thérapeutique de la pénicilline administrée per os. 1080.

KOSSOVITCH, N., & ADRA, C. L'hémoagglutination non spécifique par les mono- et les disaccharides. 1082.

BERTRAND, I. Le thrombogramme conçu comme courbe statistique de fréquences cumulées. 1083-6.

MORICARD, R., GOTHIE, S., & DELMAS, A. Techniques de marques colorées par micro-injection de colorant vital. 1086.

MORICARD, R. Nombre haploïde des chromosomes et corrélations avec les hormones du liquide folliculaire chez la lapine. 1088-90.

SCHEINER, H. Recherches sur la contraction musculaire; sur la sensibilisation dite directe du muscle strié à l'acétylcholine. 1090-2.

SCHEINER, H. Recherches sur la contraction musculaire; sensibilisation du muscle strié à l'acétylcholine par l'alcool tétrahydrofurique. 1092-5.

RAFFY, A. La teneur en hépatoflavine de quelques poissons; influence des variations de la température extérieure. 1095-7.

BALANSARD, J., & PELLISSIER, F. Saponines et croissance chez *Solanum lycopersicum* L. 1098-1100.

ROCHE, J., & GUEIT, M. Sur le besoin en lysine de l'adulte (rat) en période de réparation tissulaire. 1100-2.

ROCHE, J., & MICHEL, R. Microdosage colorimétrique de la thyroxine dans les protéines thyroïdiennes. 1102.

BOULANGER, P., DRIESSENS, J. [et al.] Variations du potassium et du sodium plasmatiques et globulaires dans le choc traumatique expérimental chez le chien. 1104-6.

BOULET, L., & BOULET, M. A. Effets antagonistes du baryum et du potassium sur le cœur. 1106.

CHRISTIAENS & TISSIE. Sur certaines propriétés biologiques du sérum placentaire au cours d'une érythroblastose familiale. 1107.

CAUJOLLE, F., & FRANCK, C. Action pharmacodynamique des essences de sauge sclérée (*Salvia sclarea* L.) et de sauge officinale (*Salvia officinalis* L.). 1109.

CAUJOLLE, F., & FRANCK, C. Sur l'action pharmacodynamique de l'essence d'hysope (*Hyssopus officinalis* L.). 1111.

DUBREUIL, G. Sur quelques phénomènes précédant ou suivant l'ovulation chez la femme. 1112.

BENOIT, J., & RANDAVEL, C. Différenciation de formations parasomiques dans les cellules interstitielles du testicule de la souris, au cours de l'élaboration de lipides osmophiles. 1115.

CHARDON, G., & BERTHAULT, F. Troubles électrocardiographiques et recompression brutale. 1117.

CLAVERT, J., & DUVAL, M. Variations du taux du glycogène hépatique et musculaire au cours du cycle sexuel de la pigeonne. 1118.

CLAVERT, J., & DUVAL, M. Action de la folliculine sur le taux du glycogène hépatique et musculaire du pigeon. 1119.

VOLLENWEIDER, L., & GIANAZZA, L. Comparaison entre les milieux de Endo, désoxycholate-citrate-agar et SS-agar pour la recherche des germes pathogènes des selles. 1120-2.

BENOIT, J., KEHL, R., & RANDAVEL, C. Nombre des centromères par tétrade dans la spermatogénèse de la souris et théorie de Darlington. 1122-5.

MALMEJAC, J., CRUCK, S., & SERRELL, F. Pléthysmographie à température constante. 1125.

CHATONNET, J. Essais de dissociation des propriétés de l'adrénaline au cours de sa destruction. 1128-30.

GILLES, E. Sur les difficultés de réaliser une application homogène d'ondes très courte (lambda de 1 à 3 m.) sur un matériel biologique végétal. 1130-2.

HERMANN, H., & JOURDAN, F. Sur l'apparition de l'échappement du cœur à l'influence vagale. 1132.

HERMANN, H., GALLONI, L., & CIER, J. F. L'antithrombine est-elle formée par le tissu réticuloendothélial? 1134.

MOURIQUAND, G., & COISNARD, J. Entraînement sportif, chronaxie vestibulaire et temps de récupération chronaxique. 1135.

MOURIQUAND, G., & COISNARD, J. Entraînement sportif, action de substances favorisant ou non le rendement musculaire et le temps de récupération chronaxique. 1136-9.

PELLERAT, J., & MURAT, M. L'élimination urinaire de l'histamine chez l'homme. 1139.

PELLERAT, J., & MURAT, M. Variations de la teneur cutanée en histamine sous l'influence du froid et dans certaines dermatoses. 1141.

SCHIER, R., REQUET, A., & GIRIER, L. Recherches sur l'étiologie d'une fièvre épidémique de courte durée avec réaction méningée, observée récemment en France. 1142-4.

TAPERNOUX, A., DESRANTE, R., & BEGUET, Y. La conductibilité électrique du lait désacidifié par électrolyse. 1145.

VINCENT, D., & PRAT, J. de. Action de la toxine tétanique et de la toxine diphtérique sur la cholinestérase du sérum. 1146-8.

VINCENT, D., & PRAT, J. de. Essai de recherche de la cholinestérase chez quelques bactéries. 1148-50.

LAVERGNE, V. de, HELLUY, J. R., & FAIVRE, G. Complexité de la flore microbienne anaérobie sporulée dans les plaies tétaniques. 1151.

LAVERGNE, V. de, HELLUY, J. R., & FAIVRE, G. *Clostridium tetani* reste-t-il strictement localisé au point de pénétration? 1153.

BEAU, A., & SIMONIN, J. Contribution à l'étude du développement du ligament rond de l'articulation coxo-fémorale chez l'embryon humain. 1155.

POUCQUES, M. L. de. A propos de la caryocinèse des *Sambucus*. 1156.

CAUJOLLE, F., FRANCK, C., & GRANDPIERRE, R. Action du chlorure de cobalt sur le réflexe hypertenseur hypogastrique. 1158.

J. Exp. Zool., 1946, 102: (Jun.)

LANDAUER, W., & BLISS, C. I. Insulin-induced rumpleness of chickens; the relationship of dosage and of developmental stage at time of injection to response. 1-22.

FRINGS, H. Gustatory thresholds for sucrose and electrolytes for the cockroach, *Periplaneta americana* (Linn.) 23-50.

HOLTFRETER, J. Experiments on the formed inclusions of the amphibian egg; formative effects of hydration and dehydration on lipid bodies. 51-108.

PIATT, J. The influence of the peripheral field on the development of the mesencephalic V nucleus in amblystoma. 109-41, incl. 2 pl.

9. Cardiovascular System

Arch. mal. coeur, 1946, 39: (Jan.-Feb.)

MATHIEU, L., GRANDPIERRE, G., & HADOT, E. Présentation d'un explorateur pour dérivations précordiales. 1.

SERVELLE. Les voies de suppléance dans les oblitérations veineuses. 2-15.

SOULIE, P., BOUVRAIN, Y., & COMBET, J. Rétrécissement mitral; thrombose canalisée de l'oreillette gauche. 15-21, incl. 2 pl.

ROUTIER, D., & COMBET, J. Kyste dermoïde donnant une image trompeuse du hile; discussion d'une grosse pulmonaire. 22-4.

LENEGRE, J., & MAURICE, P. Premiers enregistrements chez l'homme des courbes de pression ventriculaire et auriculaire droite. 24-30, incl. 4 pl.

LENEGRE, J., & DESGEORGES, H. Un cas d'hypertension artérielle consécutive à une lésion rénale unilatérale et guérie par la néphrectomie. 30-7.

LENEGRE, J., & CHEVALIER, H. A propos de l'inversion isolée de l'onde lente T en dérivation précordiale apexienne, les dérivations usuelles étant sensiblement normales. 37-41.

SOULIE, P., DIMATTEO, J., & CHICHE, P. Traumatismes précordiaux non pénétrants; la rupture septale; l'anévrysme apexien. 41-50.

SOULIE, P., BOUVRAIN, Y. [et al.] Nalisme rénal; hypertension pseudo-tumorale; malformations réno-urétérales. 50-8.

10. Chemistry; Physics

Biochem. J., Lond., 1946, 40: No. 2.

HOFF-JØRGENSEN, E. The influence of phytic acid on the absorption of calcium and phosphorus; in dogs. 189-92.

HAWKINS, R. D., & GUNTER, J. M. Studies on cholinesterase; the selective inhibition of pseudo-cholinesterase in vivo. 192-7.

CROOK, E. M. The extraction of nitrogenous materials from green leaves. 197-209.

TOSIC, J. Oxidations in acetobacter. 209-14.

DODSON, F., & WILLIAMS, R. T. The metabolism of sulphonamides. 215-22.

DODSON, F., & WILLIAMS, R. T. The metabolism of sulphonamides; the metabolism of metanilamide (m-aminobenzenesulphonamide) in the rabbit. 215-9.

WILLIAMS, R. T. The metabolism of sulphonamides; the isolation and identification of 3-hydroxysulphanilamide as the oxidation product of sulphanilamide in the rabbit. 219-22.

SAMMONS, H. G., & WILLIAMS, R. T. Studies in detoxication; the metabolism of veratraldehyde and veratric acid in the rabbit. 223-7.

FODOR, P. J. The esterification of glycerol with hippuric acid and the behaviour of the resulting product towards enzymes. 227-9.

BACH, S. J., DIXON, M., & ZERFAS, L. G. Yeast lactic dehydrogenase and cytochrome b₂. 229-40.

MAPSON, L. W. Inhibition of urease by copper salts in the presence of ascorbic acid and related substances. 240-7.

GIBSON, Q. H., & HARRISON, D. C. Blood haemoglobin: the relationship between oxygen capacity and iron content of blood in men and women. 247-9.

WITH, T. K. Micro-method for the determination of vitamin A in liver biopsies in man and larger animals. 249-52.

ELSDEN, S. R. The application of the silica gel partition chromatogram to the estimation of volatile fatty acids. 252-6.

GRAHAM, A. F., CRAWFORD, T. B. B., & MARIAN, G. F. The action of arsine on blood; observations on the nature of the fixed arsenic. 256-60.

SANGER, F. The free amino group of gramicidin S. 261.

LASNITZKI, A. A note on the action of tannin upon tumour glycolysis. 263.

POLSON, A., JOUBERT, F. J., & HAIG, D. A. An electrophoretic examination of cobra venoms. 265-9.

MCILWAIN, H. The metabolism and functioning of vitamin-like compounds; a comparison of pantothenate metabolism by proliferating and by non-proliferating bacteria. 269-78.

LONG, C. Pyruvate oxidation in pigeon brain catalyzed by fumarate. 278-83.

MILLS, G. T. The glucuronidase content of animal tissues and the role of the spleen in the metabolism of conjugated glucuronic acids. 283-6.

RAMSAY, W. N. M. The uptake of oxygen by blood in vitro. 286-92.

ANANTAKRISHNAN, C. P., BHALE RAO, V. R., & PAUL, T. M. The component acids of cow colostrum fat. 292-7.

HANBY, W. E., & RYDON, H. N. The capsular substance of *Bacillus anthracis*. 297-309, pl.

ROUGHTON, F. J. W., & BOOTH, V. H. The manometric determination of the activity of carbonic anhydrase under varied conditions. 309-19.

ROUGHTON, F. J. W., & BOOTH, V. H. The effect of substrate concentration, pH and other factors upon the activity of carbonic anhydrase. 319-30.

HANBY, W. E., & RYDON, H. N. The capsular substance of *Bacillus anthracis*. xxi.

FRAENKEL, G., & BLEWETT, M. The role of linoleic acid, α -tocopherol and other fat-soluble substances in the nutrition of an insect (*Ephestia kuehniella* Lep.). xxii.

COOK, R. P., & BROWN, M. B. Penicillin pro-

duction on juices from various parts of the pea plant t. xxii.

GRAY, C. H., & WHIDBORNE, J. Further studies of the Van den Bergh reaction in haemolytic jaundice. xxiii.

HARTLES, R. L., & WILLIAMS, R. T. The metabolism of marfanil (homosulphanilamide) in the rabbit. xxiv.

WAYMOUTH, C., & DAVIDSON, J. N. Some observations on the composition of defatted fowl plasma. xxv.

WAYMOUTH, C., & DAVIDSON, J. N. Some observations on the composition of defatted fowl plasma. xxv.

RIMINGTON, C., & BICKFORD, J. A. Serum albumin and globulin levels in premature infants. xxvi.

J. Biol. Chem., 1946, 164: (July)

ALDERTON, G., & FEVOLD, H. L. Direct crystallization of lysozyme from egg white and some crystalline salts of lysozyme. 1-5.

WEINMANN, H. Behavior of dextrans towards taka-diastase. 7-10.

WOOLLEY, D. W. Structural analogues antagonistic to thyroxine. 11-7.

DITTMER, K., FERGER, M. F., & DuVIGNEAUD, V. Synthesis of imidazolidone aliphatic acids. 19-28.

CAVALLITO, C. J. Relationship of thiol structures to reaction with antibiotics. 29-34.

YOUNG, E. G., & RICE, F. A. H. 2-Keto-D-gluconic acid in the polysaccharide of Irish moss. 35-43.

ALBAUM, H. G., TEPPERMAN, J., & BODANSKY, O. The in vivo inactivation by cyanide of brain cytochrome oxidase and its effect on glycolysis and on the high energy phosphorus compounds in brain. 45-51.

BEERSTECHER, E., jr., & SHIVE, W. Biochemical transformations as determined by competitive analogue-metabolite growth inhibitions; a transformation involving phenylalanine. 53-61.

ABRAMS, A., KEGELES, G., & HOTTLE, G. A. The purification of toxin from *Clostridium botulinum* type A. 63-79.

LOCKWOOD, L. B., & STODOLA, F. H. Preliminary studies on the production of alpha-ketoglutaric acid by *Pseudomonas fluorescens*. 81-3.

STETTEN, M. R., & STETTEN, D., jr. Biological conversion of inositol into glucose. 85-91.

DEUTSCH, H. F., PETERMANN, M. L., & WILLIAMS, J. W. Biophysical studies of blood plasma proteins; the pepsin digestion and recovery of human gamma-globulin. 93-107.

DEUTSCH, H. F., GOSTING, L. J. [et al.] Biophysical studies of blood plasma proteins; recovery of gamma-globulin from human blood protein mixtures. 109-18.

SPECK, J. F., MOULDER, J. W., & EVANS, E. A., jr. The biochemistry of the malaria parasite; mechanism of pyruvate oxidation in the malaria parasite. 119-44.

MOULDER, J. W., & EVANS, E. A., jr. The biochemistry of the malaria parasite; studies on the nitrogen metabolism of the malaria parasite. 145-57.

SMITH, E. L., GREENE, R. D., & BARTNER, E. Amino acid composition of seed globulins. 159-63.

DZIEWIATKOWSKI, D. D. Conversion of sulfide sulfur to cystine sulfur in the rat, with use of radioactive sulfur. 165-71.

DONOVICK, R., RAKE, G., & FRIED, J. The influence of certain substances on the antibiotic activity of streptomycin in vitro; the action of some carbonyl reagents on streptomycin. 173-81.

SCUDI, J. V. A colorimetric method for the determination of penicillin. 183-94.

SCUDI, J. V., & JELINEK, V. C. A rapid micro-method for the fluorometric determination of penicillin. 195-201.

KORNBERG, A. Amino acids in the production of granulocytes in rats. 203-12.

SCHWEIGERT, B. S., SAUBERLICH, H. E. [et al.] Free tryptophan in blood and urine. 213-21.

LENS, J. The solubility curve and the purity of insulin. 223-31.

BURMASTER, C. F. Microdetermination of alpha- and beta-glycerophosphates. 233-40.

SCHNEIDER, W. C. The action of ribonuclease on the succinoxidase system. 241-7.

HAMILTON, P. B., & VAN SLYKE, D. D. The effects of the volatile aldehydes formed on the accuracy of the manometric naphthol-carbon dioxide method in analysis of certain alpha-amino acids. 249-56.

STADIE, W. C., & HAUGAARD, N. Oxygen poisoning; the effect of oxygen at eight atmospheres upon the oxygen consumption of the intact mouse. 257-63.

HAUGAARD, N. Oxygen poisoning; the relation between inactivation of enzymes by oxygen and essential sulfhydryl groups. 265-70.

MAZUR, A. An enzyme in animal tissues capable of hydrolysing the phosphorus-fluorine bond of alkyl fluorophosphates. 271-89.

LEHNINGER, A. L. A quantitative study of the products of fatty acid oxidation in liver suspensions. 291-306.

FISHMAN, W. H., & ARTOM, C. The relation of the diet to the composition of tissue phospholipids; liver lecithin as related to the choline and fat content of the diet. 307-12.

TIDWELL, H. C., & TREADWELL, C. R. Relation of fasting ketosis to the protein of the preceding diet. 313-9.

BESSEY, O. A., LOWRY, O. H., & BROCK, M. J. A method for the rapid determination of alkaline phosphatase with five cubic millimeters of serum. 321-9.

PRESCOTT, B. A., & WAELESCH, H. A micro-determination of glutamic acid and its application to protein analysis. 331-43.

SMITH, E. L. The immune proteins of bovine colostrum and plasma. 345-58.

SMITH, E. L., GREENE, R. D., & BARTNER, E. Amino acid and carbohydrate analyses of some immune proteins. 359-68.

SMITH, E. L., & COY, N. H. The absorption spectra of immune proteins. 367-70.

QUICK, A. J. Experimentally induced changes in the prothrombin level of the blood; prothrombin concentration of new-born pups of a mother given dicumarol before parturition. 371-6.

COPP, D. H., & GREENBERG, D. M. A tracer study of iron metabolism with radioactive iron; methods: absorption and excretion of iron. 377-87.

COPP, D. H., & GREENBERG, D. M. A tracer study of iron metabolism with radioactive iron; internal metabolism. 389-401.

SCOTT, M. L., NORRIS, L. C. [et al.] Further studies of organic factors required for prevention of anaemia in chicks. 403-10.
